

# eXtended Reality – Engineering Design Review

## Stage: Initial Planning

Design Ideas

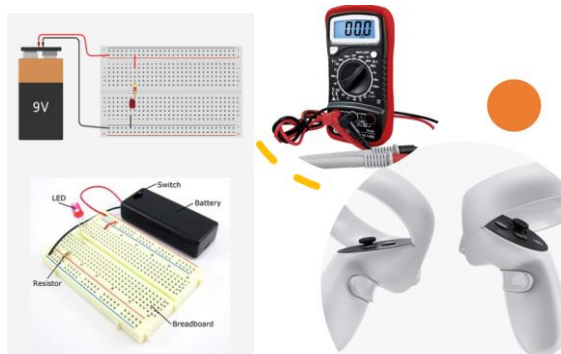

QR Code -

Virtual Interactive Learning -

Digital-Physical Integration -

#### Diego Tapia - Point of Contact

- Reached out to stakeholder for initial meeting
- Suggested the idea of an interactive Lab-Like design
- Looked into potential design environments for project
- Researched into accessible hardware to be implemented

#### Joren Cruz – Archivist, Scheduler

- Scheduled weekly meetings with the team and Stakeholder
- Suggested the QR Code/AR idea
- Wrote notes and uploaded them on GitHub
- Made Teams to easily get a hold of our stakeholder when needed. (Easier than having tons of emails)

#### Daniel Wang – Editor, Treasurer

- Assembled (Informal) Documentation Dump
- Standardized Format Across All Documents
- PPT Slides
- Sketched Early Design Ideas
